The Ciao Ciao Aperitivo Social Club Experience

The Italian aperitivo is a pre-meal drink served with small bites and salty snacks. The experience of aperitivo is a sacred time of the day, a tradition among Italians where friends meet, chat and have fun over good drinks and finger food, a social club of sorts. Traditionally, an aperitivo is a carbonated, bitter, and low-alcohol beverage, such as the iconic Spritz. Nowadays, it ranges from wine to beer to a variety of mixed drinks. At Ciao Ciao Piadina we decided to bring the true and authentic 'Aperitivo Experience' to La Jolla to create a place where friends can get together after a busy day or go to meet new people and create new friendships, all while enjoying some of the best drinks and food Italy has to offer. We deeply believe in natural, sustainable wines with a focus on the biodynamic philosophy, and you will find this passion reflected in the quality of our wine selection. Our Spritz selection is a mix of tradition and innovation. They are made with our Natural Wines as well as fresh and organic fruits, herbs and spices.
